STEP PROGRAM

GUIDING THE FUTURE

for Visually Impaired Youth

A BRIGHTER PATH

for Your Child

At Lighthouse Louisiana, we provide specialized programs designed to support the unique needs of visually impaired children at every stage of their development:

BABY STEPS (AGES 0-3)

Early intervention through the EarlySteps program, focusing on overcoming developmental challenges from the start.

LIGHT STEPS

(PRE-KINDERGARTEN)

Bridging the gap between early intervention and kindergarten with pre-braille, technology, and mobility skills, while empowering parents to be strong advocates.

FORWARD STEPS

(SCHOOL-AGED CHILDREN)

Enhancing social-emotional learning and academic success through the Expanded Core Curriculum (ECC), including essential life skills, seasonal events, and a summer camp program.

These programs are more than just educational—they are life-changing experiences designed to help your child thrive.

WHY CHOOSE

Lighthouse Louisiana?

We are here to guide your child toward a future full of possibilities.

EXPERT CARE

Tailored support for each developmental stage.

PARENT EMPOWERMENT

Tools and knowledge to advocate for your child's success.

COMPREHENSIVE GROWTH

Focus on emotional, social, and academic development.
